Superior reliability comes from a new hardware design with fewer moving parts, strengthened paper-path components, and an advanced imaging system.

VersaLink devices speed up information sharing and reduce inefficient workflows. Ensure information accuracy with Scan and Fax preview, easily archive, organise and search with scanned documents with built-in optical character recognition (OCR).

A print resolution of up to 1200 x 2400 dpi delivers sharp text and fine line detail, plus exceptional colour vibrancy, solid fills and skin tones.

CLOUD CONNECTED. PERSONALISED EFFICIENCY.

The customisable 7-inch colour touchscreen lets you breeze through tasks and functions with mobile-like ease.

Xerox® ConnectKey Apps, accessed via the extensive Xerox App Gallery, provide expanded functionality – like the optional Xerox® Easy Translator Service app, which quickly translates scanned documents into numerous languages.

Get more done in less time by creating customised 1-Touch Apps to automate multi-step workflows for individuals or groups. Simply tap your new app to quickly perform the job you configured. And with Simple ID, individual users and groups enter a user ID and password once, and then enjoy fast, secure access to task-specific presets, individualised favourite contacts, and commonly used apps on a personalised home screen.
